Mansoura, Egypt

Summary

Full Stack Web Developer with a solid background in backend development using PHP and Laravel. Graduate of Mansoura University, IT Department, class of 2023. Currently working across frontend and backend technologies to build responsive web applications. Also an Instructor at Nass Academy since March 2025, helping aspiring developers grow. Passionate about coding, teaching, and continuous learning. You can view some of my work through [my portfolio](#).

Work Experience

Technical Instructor

Nass Academy

March 2025 – Present

- Delivered structured training sessions in web development, covering backend (Laravel, PHP) and frontend basics.
- Mentored students and guided them through hands-on projects and code reviews.
- Simplified complex topics to help beginners build confidence and practical skills.

Full Stack Web Developer

Self-Employed

2023 - Present

- Developed responsive and dynamic web applications using PHP, Laravel, JavaScript, and Node.js.
- Handled both frontend and backend tasks including REST API development, database design, and UI integration.
- Worked on real-world projects with attention to performance, security, and user experience.
